

JA15 Cup warmer

Every Sip with Perfect Warmth

JA15-B

JA15-A

(Black/ silver/ customized color)

Configuration	JA15-A	JA15-B	Temperature Range	≈60°C
Net Weight	21kg	22.5Kg	Capacity	3 tiers, approx. 30 cups
Dimensions	W320 (W) *D400 (D) *H500 (H) mm		Ambient Light	2 on the back panel
Power Supply	220V-240V, 50HZ/60HZ, 110W			

Precision Pro-Grade Heating

PI film heating delivers uniform warmth across all 3 tiers—engineered with electrical insulation, high-temperature resistance, and over-temperature protection.

Hygienic & Durable Stainless Steel

Food-grade 304 stainless steel resists stains, odors & bacteria – wipe clean in seconds.

High Capacity, Compact Footprint

Holds approx. 30 cups—maximizes serving speed without crowding counters.

Style-Adaptive Finishes

Choose sleek black tempered glass or brushed silver aluminum—seamlessly adapt to any environment.

7-Color Ambient Lighting

Choose static hues or dynamic color cycling—from cozy cafés to lively cocktail bars.

Simplified Independent Controls

Dedicated buttons for master power, heating on/off and ambient light selection. No complex settings, pure workflow efficiency.
